

Meeting called to order by Evan Duffield, Chairman of the Board at 7:12pm 2/19/2015

Present: Evan Duffield, Ed Moncada, Chris Rimoldi, Fernando Gutierrez and Harold Boo

Rebranding:

- Evan and Ed have been talking about this for quite a while
- Reached out to Richard (Otoh on forums) regarding rebranding
- Sentiment from many people that Evan talks to have a negative impression of the name "DarkCoin"
- The thought is that rebranding could help spur long term adoption
- A lot of people embraced the coin early on because of its sort of libertarian nature
- InstantX is a huge aspect of the coin
  - Possibly a bigger selling point at this point in time than the anonymity aspect
- Gambling, medicinal marijuana market spaces already have legal scrutiny, DarkCoin name may not be helpful here
- Proposed name change to "Dash"
- Fernando feels DarkCoin is better in the short term, Dash later on
- There is a company who currently has a <sup>TM</sup> application filed for the name "Dash"
- We are reaching out to Dashcoin to see if they're willing to contest the filing
  - We should look at acquiring Dashcoin
- Come up with proposals on different name options and how to roll out a name change in the next couple days, discuss the pros and cons of each of them

InstantX

- Up and running on mainnet
- Confirms transactions in about 4 seconds
- Does not work with Android wallet yet

Evan is thinking of porting InstantX and DS to Electrum, Dark Wallet and Android

No plans yet for an iOS wallet

DarkCoin ambassador program was launched 2 or 3 weeks ago

- 30 people want to volunteer
  - 1/3 of this in the US - others from around the world

Adjourned 8:18PM

Minutes submitted by Chris Rimoldi, Secretary
